NATIONAL SECURITY INFORMATION MATERIAL UNAUTHORIZED DISCLOSURES	DEPARTMENT (or Agency) Central Intelligence Agency
<p><u>Definition</u> - An unauthorized disclosure is defined as a communication or physical transfer of classified information or material to an unauthorized person. Reportable unauthorized disclosure cases are those which involve the release and disclosure of classified information, either deliberate or inadvertent, as contrasted to physical security violations such as, for example, an unattended open safe, or the confirmed loss of control of a classified document. It includes, but is not limited to, unauthorized disclosure of classified information in a newspaper, journal or other publication or any other communications media where such information is traceable to a Department because of a direct quotation, or other uniquely identifiable fact. The principal criteria for determining whether an unauthorized disclosure is reportable to the ICRC include both: (1) the release and disclosure are of sufficient importance to warrant formal investigation; and (2) the formal investigation confirms that an important disclosure did occur.</p>	
<p><u>Instructions</u> - Provide the following details concerning each incident:</p> <ol style="list-style-type: none"> 1. Date the incident occurred, if known. 2. Subject and security classification of the compromised information and whether the information can be declassified. 3. Identify the document and the person or persons furnishing or disclosing the material, information or document (defined as any recorded information in any medium), if known. 4. Identify the publication (public press, technical journals, report, etc.) speech or briefing containing the unauthorized disclosure or the unauthorized recipient of the classified information. 	<ol style="list-style-type: none"> 5. Include the Department's (or Agency) evaluation of the impact of the unauthorized disclosure on national security. 6. Indicate whether the unauthorized disclosure has been referred to the Department of Justice for prosecution, providing the names of probable defendants and the probable jurisdiction. In lieu of recommended legal action, indicate other action taken or pending. 7. Where appropriate, state action planned or taken to prevent similar disclosures or recurrences. 8. Attach additional sheets or exhibits as necessary. 9. Submit report on this form no later than twenty-one calendar days after the end of each quarter.
DESCRIPTION OF INCIDENT	
<p>During this reporting period two (2) unauthorized disclosures were reported to the Special Security Center, OS. Damage assessments were prepared in each instance for forwarding to the DCI and/or the Security Committee, NFIB.</p> <p>Because of the highly sensitive nature of the intelligence data revealed by these disclosures, all background documents and damage assessment reports are being retained in the files of the Special Security Center and can be made available for ICRC review.</p> <p>The CIA Leak Data Base has been up-dated for statistical record.</p>
